Am I influencing biodiversity through my investment or lending portfolio?

Am I harming or building the resilience of biodiversity with my investments?

Is my portfolio in alignment with biodiversity targets?
Aligning financial portfolios with biodiversity targets

• Understand economic sectors with greatest impact and dependence on biodiversity

• Explore feasibility and effectiveness of biodiversity targets and metrics for use by the finance sector

• Link biodiversity targets to industry scenarios (in a similar way to the PACTA tool for climate)

• What targets to set?
  o Nature/earth system: air, water, land, biodiversity
  o Biodiversity: genetic, species, ecosystems
  o Ecosystems: Land, oceans/fresh water, link to sectors?
